1. Summary of Significant Accounting Policies

A. Accounting Practices

The accompanying financial statements of Castle Hill Insurance Company ("the Company") have been prepared on the basis of accounting practices prescribed or permitted by the Rhode Island Insurance Department. The State of Rhode Island requires insurance companies domiciled in the state to prepare their statutory financial statements in conformity with the National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from these estimates.

Expenses incurred are reduced for ceding allowances received or receivable.
